## **Interview / Image consent form**

The Department of Immigration and Citizenship (DIAC) would like to photograph, video and/or interview you, so that it can use your picture or comments in its promotional material. The purpose of this promotional material is to provide information to the public and promote DIAC’s services and programs. This material is available to the public, for example in DIAC’s annual report, brochures, media releases, newspaper articles, training products, website material and television broadcasts.

In addition, DIAC sometimes receives requests from other Commonwealth government agencies to use this kind of material, which might include your image or comments made during an interview. These agencies may ask DIAC to provide this material to them so that they can use it in their training materials which are publicly available.

DIAC will not collect, use or disclose this material, which is your personal information, unless you agree. If you do agree, please refer to the consent form at page 2 of this document.

In the consent form, the Department requests your consent to it taking your photograph, interviewing you, publishing this material and/or disclosing it to other agencies for publication by them. Please note:

- you provide your consent by signing the consent form where relevant
- you do not have to consent to all or any of the options on the consent form; and
- There will be no consequences for you if you do not consent.
